

SPECIAL INVITATION

GALA OF THE RUI DA SILVA FOUNDATION 2026

Probably the most important and most high-profile Luso-Canadian event of 2026

Subject: Special invitation to the Gala of the Rui Da Silva Foundation — Presence, Sponsorship and the Future of AI

Esteemed Sirs and Madams,

My name is Rui Da Silva, Founder and CEO of Omn invention — AI Agency and Technical-Scientific Laboratory — and Founder and President of the Rui Da Silva Foundation (in formation).

The Rui Da Silva Foundation is a philanthropic institution oriented towards sustainable human development, operating at the intersection of advances in science, technology and humanitarian impact, aligned with the 17 UN SDGs and focused on the pillars of Humanity-Singularity Symbiosis, Existential Security and Universal Purpose.

On the 27th of June 2026, we will hold the inaugural Gala of the Foundation, at LiUNA Local 183 — Gerry Gallagher Hall, in Toronto, with the goal of publicly presenting the books IMAGINE EN/PT, the Foundation, and two visionary platforms aligned with the Singularity — OMNIBRAIN, a local, secure and private mini-server for Agentic AI, and HALOSHIELD, a FREE app oriented towards quality of life and humanitarian prosperity.

I would like to extend a special invitation to your institution/company/family to join us as a pioneering partner in this ecosystem and, if it makes sense, as an Official Sponsor of the 2026 Gala.

What we are offering with this Gala

Depending on the type of participation chosen — General Admission, Non-Profit, Bronze, Silver, Gold or Elite Legend — the following benefits, among others, are included:

1. Presence at the Gala and event experience

- Participation in the Gala with reception, dinner and show, including cultural moments (football match, musical performance, among others).

- Access to the HaloShield Conference (afternoon session) for all holders of an eligible ticket.
- Full table for 10 guests (in all sponsorship tiers, except general admission), allowing the presence of your leadership, team, clients, partners, family, volunteers or key members.

2. Exclusive access to two special afternoon conferences

The following conferences will be accessible exclusively to leaders who purchase a table or entry through one of the following categories: Elite Legend Partner, Gold Sponsor, Silver Sponsor, Bronze Sponsor, Non-Profit or General Admission (individual ticket – 250 CAD):

OMNIBRAIN – How to continuously and progressively increase the productivity of your company/institution/family and your personal life with Agentic AI, and prepare for the Singularity.

HALOSHIELD – A free app to give you more Time, more Wealth, a Purpose, Education, Digital Literacy, Health and Well-Being.

These sessions are designed for leaders who want to understand, with practical clarity, how the new era of AI and intelligent platforms can transform organisations, teams, communities, families and personal lives.

3. Benefits by ticket / sponsorship type

Below you will find a summary of the main benefits associated with each type of ticket or sponsorship (for full values and details, please refer to our Tiers document and the Foundation's website).

General Admission

Ideal for individual participants who want to live the full Gala experience and have their first contact with our ecosystem.

Includes:

- Participation in the Gala (Reception, Dinner and Entertainment).
- Access to the HaloShield Conference during the afternoon (1 seat).
- Gift of 1 IMAGINE book (pocket/paperback edition) with a personalised dedication from the author.
- Name included on our digital "Friends of the Foundation" board (website and digital presentation at the event).

Non-Profit (Non-profit institutions)

For non-profit organisations that want to be present, benefit from the conference and begin the transition into the new era of AI.

Includes everything in General Admission, plus:

- Access to both the HaloShield and OmniBrain Conferences during the afternoon (1 seat).
- Recognition as a Non-Profit Partner of the Gala in a dedicated section on our website and in mentions on our channels.
- Special Certificate of Participation in our GALA.
- Honourable mention in at least one of our media communications (newsletter, social networks or post-event communication).
- A brief problem framing session in Agentic AI (15 minutes online) to identify a first use case in your organisation.

Bronze Sponsor

For companies/organisations that want to gain visibility and a concrete first boost in marketing and digital presence.

Includes everything in Non-Profit, plus:

- 1 extra seat for access to both the HaloShield and OmniBrain Conferences.
- Logo in the Bronze section of our website for 12 months.
- Logo in a joint Bronze Sponsors slide presented during the Gala.
- Brand Elevation and Social Media Integration package — integrating your actions with the Foundation into our networks.
- Free SEO/GEO audit and analysis of your website and online presence, carried out by Omniventon (AI Agency), with practical recommendations to increase visibility and online performance.

Silver Sponsor

For those who want to go one step further, combining visibility with strategic consulting and training in Agentic AI.

Includes everything in Bronze, plus:

- Business and organisational consulting (1 year) with Omniventon — scheduled sessions focused on productivity, financing, digital strategy and Agentic AI.

- Agentic AI training — 3 training sessions for leaders and team (online or in-person, to be arranged): "Introduction to Agentic AI" and practical applications.
 - Early entry into the HaloShield Marketplace, with the possibility of integrating products/services as a supplier (subject to platform criteria).
 - Possibility of jointly developing a short success story / case study, to be published on our channels once there are concrete results.
-

Gold Sponsor

For companies and institutions that want to be at the centre of the Gala, with a VIP table, strong public recognition and a real AI engine inside their business.

It is the ideal level for those who want to associate their brand with this first edition through VIP presence and real implementation of Agentic AI in their operations.

Includes everything in Silver, plus:

- 1 extra seat (Total 3) for access to both the HaloShield and OmniBrain Conferences.
 - Full VIP table for 10 guests at the Gala.
 - Public recognition as a Gold Sponsor during the Gala (on-stage mention and dedicated visual highlight).
 - Configuration of 1 Agentic AI Mini-Server (software integration and configuration, hardware not included), focused on practical use cases for your business (Google technology and open-source tools).
 - Pioneer status in the launch of OmniBrain, with early access to features and direct feedback on the roadmap.
 - Creation of a short co-branded video (2–3 minutes) about innovation, community and your role in the Gala, to be shared on the Foundation's channels and, if desired, on your own.
 - Right to use the digital badge "Gold Sponsor — Rui Da Silva Foundation 2026" on your website and social networks for 12 months.
-

Elite Legend Partner

The highest level of partnership — for visionaries who want to be Founding Partners of the Foundation in this new era, with technological, social and reputational impact.

It is the level reserved for partners who wish to play a strategic leadership role in the ecosystem we are building around the Foundation and the Singularity.

Includes everything in Gold, plus:

- Elite Founding Partner status at the 2026 Gala and on our website (premium, highlighted section).
 - On-stage recognition with the presentation of 1 Exclusive Golden Trophy.
 - 1 Agentic AI Mini-Server implemented (integration and configuration), enabling the creation of an initial Agentic AI infrastructure within your organisation (Google technology and open-source tools, hardware included).
 - Creation and implementation of a new AI-powered website with integrated online store and payments, cutting-edge technology and consulting supported by Omninvention.
 - Guaranteed access to the VIP Brunch — Brainstorming Session with a very small group of leaders and visionaries, together with the leadership of the Foundation and Omninvention, dedicated to the future of your organisation in AI, Singularity and community impact.
 - Pioneer status on HaloShield as an end user after the Gala, including preferential entry into the HaloShield Marketplace.
 - Possibility of co-organising a future AI & Innovation event with the Foundation in 2027 — first right of option.
-

How the HaloShield app can benefit your institution

HaloShield allows you to generate cashback, residual income and new forms of community engagement, creating a continuous, residual and transparent source of revenue from everyday purchases made by your members, supporters and community.

Your institution can encourage its members, supporters and community to download the HaloShield app and use it in their daily lives — for example, in purchases at restaurants, bakeries, pastry shops, supermarkets, services and acquisitions from partners. Whenever they make eligible purchases through HaloShield:

- They receive **3% cashback**
- And also **1% continuous residual income** on all transactions from those they refer directly (direct referrals only — no multi-level) — in this case, that referrer can be your institution, followed by yourself, your family, your friends and the members of your community.

Over time, this can create a new transparent and recurring source of revenue for your organisation, for yourself, for your family, for your friends and for your acquaintances, based on everyday expenses that people already make and will continue to make normally.

Benefits for the institution

Early entry into this ecosystem can help your organisation to:

- Strengthen its capacity for innovation
- Create new forms of engagement with members and supporters
- Benefit from a platform oriented towards participation, contribution and community growth
- Position itself early within an infrastructure with potential for progressive expansion

In addition to the benefits generated by your members, supporters and community using the app, early entry into the HaloShield ecosystem can also position your institution to benefit, over time, from the progressive growth of the network of partners, services and suppliers connected to the platform.

Omninvention — AI Agency and Technical-Scientific Laboratory — is also working internally to create the conditions necessary to provide free solutions and services to its HaloShield Clients and Suppliers, helping them to modernise, integrate useful technology and prepare more effectively for the new era of AI and the Singularity.

Benefits for you, your family and your friends

This proposal was also designed intentionally for the person who leads, for their family, for their friends and for their circle of trust. By entering the ecosystem early, you are not only supporting a platform or a cause — you are also positioning yourselves to benefit continuously from using HaloShield, from the growth of the network and from the opportunities that arise from the connection between technology, community and human prosperity.

Benefits for members, volunteers and the community

The Talent Exchange Network will allow your members, volunteers, family members, friends and acquaintances to offer skills and time, connect with one another and track their contribution in a structured way, promoting connection, contribution and community strengthening around people's lives and your cause — through a logic not merely of volunteering, but of authentic and genuine reciprocal solidarity.

The Foundation's main objectives

The central objective is to support organisations and leaders in advancing and thriving in the transition to the new era of Artificial Intelligence and the Singularity, with greater capacity, clarity, human impact and excellence.

Many organisations do extraordinary work, but face increasing pressure in terms of management, conflicts of interest, communication, fundraising, data analysis, transparency, corruption, community response and operational efficiency.

Our vision is to support this sector with tools, guidance and practical frameworks, so that organisations not only keep pace with this change, but are able to lead with greater capacity, greater clarity, greater human impact and greater excellence.

Simple Objectives

- Give invited organisations and leaders a special way to be present at the Gala
 - Equip your leadership with strategic support in Agentic AI and the Singularity
 - Provide access to two exclusive conferences for leaders, with practical content on productivity, transition to AI & Singularity and new growth opportunities — offer value: 800 CAD
 - Position your organisation, from an early stage, within a platform designed to reward participation and community contribution
 - And help your organisation enter the new era of AI with confidence, security and privacy, with practical benefits for the team, members, families and the mission
-

Ongoing cooperation between 3 reference Foundations

- **Magellan Community Foundation** — recognised for its support of seniors, including residential care and support for ageing with dignity
- **Luso Canadian Charitable Foundation** — recognised for its support of people with disabilities and special needs
- **Rui Da Silva Foundation** — Native to the Singularity, strongly focused on the 17 UN Sustainable Development Goals (SDGs) — a global call to eradicate poverty, protect the planet and ensure prosperity — and 3 other deeply humanitarian goals embedded in our Mission: Humanity-Singularity Symbiosis, Existential Security and Universal Purpose (further information on our website)

This Cooperation reinforces the social dimension, credibility and human vision of the ecosystem we are building.

Final Invitation

If this proposal makes sense for you, it would be an honour to welcome your Organisation/Institution/Company as a Special Guest and, if you so wish, as one of our Official Sponsors at the inaugural Gala of the Rui Da Silva Foundation.

Given the limited number of places and the interest already underway, we recommend responding as promptly as possible.

I remain available should you wish to:

- Reserve a special table or confirm your sponsorship tier (Non-Profit, Bronze, Silver, Gold, Elite Legend).
- Order a special quantity of IMAGINE books — English or Portuguese — which can be autographed with a special dedication from the author at our Gala.
- Obtain further information by contacting us via the phone, email or website mentioned below.

All books autographed by the author will grant pioneering access to our newsletter, where you will have privileged access to the launch of the HaloShield app, new releases, offers, promotions and other tools available on the Foundation's website.

All information mentioned above can be consulted and accessed directly through the Foundation's website.

All tickets issued are digital, with QR Code, personalised, non-transferable and sent by email.

With appreciation and gratitude for your attention,

Until soon,

Rui Da Silva

*(*in formation)*

Our Agentic AI Mini-Server is an ultra-compact computer optimised to run 24 hours a day. It replaces traditional large-scale servers by consuming little energy and occupying little space — ideal for home automation, Agentic AI management (e.g. Ollama, Gemma 4, OpenClaw, Hermes) or local NAS file storage, with total security and privacy.

Programme subject to change — for updated information please visit our website. All the details about the Program, Sponsorship Tiers, Press Kit and more can be found online at our website.
